Approved science-based target

The Science Based Targets initiative has validated that the corporate greenhouse gas emissions reduction target(s) submitted by

Advania Sverige AB

have been deemed to be in conformance with the SBTi Criteria and Recommendations (version 5). The SBTi's Target Validation Team has classified your company's scope 1 and 2 target ambition and has determined that it is in line with a 1.5°C trajectory.

The official target wording is:

Advania Sverige AB commits to reduce absolute scope 1 and 2 GHG emissions 50% by 2030 from a 2019 base year. Advania Sverige AB also commits to reduce scope 3 GHG emissions from purchased goods and services, fuel and energy related activities, upstream transportation and distribution and business travel 68.6% per SEK value added within the same timeframe.*

**The target boundary includes land-related emissions and removals from bioenergy feedstocks.*
